SCHOOL REPORT.

FOR YEAR 1907-'08.

It gives us pleasure in making our annual report to say the schools compare favorably with those of preceding years.

Number of pupils registered, 120. Boys, 64. Girls, 56.

Six schools have had three terms. Owing to diphtheria being in the district, No. 7 had no winter term.

Of the ten teachers employed, only three lacked previous experience and we think all have tried to be faithful and have accomplished as much as could be expected. The closing exercises in all the schools have been made interesting by recitations, dialogues and singing.

After consideration, the Jones Readers were placed in the schools instead of supplementary reading because the old readers were badly worn and have been in use a long time.

No. 4 School buildings have been painted and it will be wise not to let any of the other houses get in the same condition. We want to add a word of praise for our No. 4 pupils for their attendance. One of the greatest drawbacks in our schools is the irregular attendance:

We praise and thank the teacher and pupils of No. 2 for the fine flag and latest edition of Webster's International dictionary and stand which they have presented the school.

We also thank the parents and friends who in the past year have visited the different schools for by so doing they encouraged both teacher and pupils and learned what the schools are trying to accomplish.

LEWIS G. SHATTUCK,
LILLIAN C. CUTTING,
School Board.
